Lip Augmentation From £200

BELHAVEN DENTAL CARE PLAN

OUR BELHAVEN MEMBERSHIP PLAN

There are many benefits of being part of a dental care plan. Plan patients are more likely to attend regularly for examinations and hygiene appointments, which means that their dental health is better. As a result, they are less likely to need major dental treatment done, and we can focus on prevention and deal with small issues before they become larger ones.

The individual benefits of the plan to you are

- 2 extensive dental health assessments with your dentist per year
- 2 or 4 hygienist appointments per year

All of these appointments are longer than previously provided under the NHS, allowing more time to discuss your dental health and tailor the treatment to you.

- Priority appointment times – As we can only accommodate a certain number of patients on the plan, we will be providing priority appointments to those who sign up, including evening appointments.
- Discount off treatment required. This includes
 - o 15% off tooth coloured fillings
 - o 10% off other treatment (excluding tooth straightening and implants)
 - o 20% off tooth whitening
 - o 10% off facial aesthetics (anti-wrinkle treatment and fillers)
- You also get access to a 24 hour dental helpline, emergency dental cover if you are over 15 miles from the practice (including abroad) and accident cover.

DENTAL PLAN FEES

There are 2 levels to the plan, depending on how often you would like to see our hygienist.

Level 1 Plan – 2 x extensive dental health assessments, including any necessary x-rays
2 x extended hygienist appointments
Benefits as detailed above

Fee - £15.50 per month, Total £186.00 per year. There is also a one-off £10.00 administration fee charged by our plan provider DPAS

If you would prefer to be a pay-as-you-go private patient, the comparable cost of 2 dental assessments plus x-rays, and 2 hygienist visits would be £210.00, so you are saving £24.00 by joining the plan, plus you can avail of all the benefits included in the plan.

Level 2 Plan - 2 x extensive dental health assessments, including any necessary x-rays
4 x extended hygienist appointments
Benefits as detailed above

Fee - £23.50 per month, Total £282.00 per year

The comparable cost privately would be £320, so you are saving £38.00 by joining the plan, plus you can avail of all the benefits included in the plan
